Rescind Request For Chemical Monitoring Public Notice

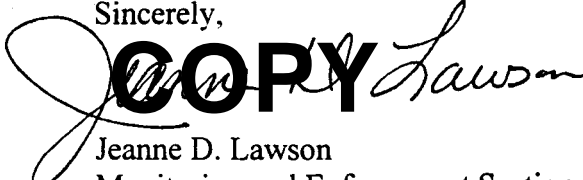

Dear Mr. Swank

On April 15, 2002, the Department of Environmental Services (DES) sent you a monitoring and reporting violation requiring you to provide public notice due to violations of your second quarter 2001 sampling requirement for nitrates. On November 12, 2001, DES received your sample results. On April 25, 2002 DES received a letter from Mr. Donavon Freeman explaining that the well was not connected to the system until August 2001. After review of this information we have modified our records accordingly. This letter is to inform you that we are rescinding the request for public notification.

On May 29, 2002 a LETTER OF DEFICIANCY #WSEB 02-31 was issued and that will also be rescinded.

If you have any questions concerning this matter, please contact me by phone at (603) 271-6703 or by email at jlawson@des.state.nh.us.

Sincerely,
